Note: Items 4 & 5 are not shown in photo.

Install Boat Dolly to Transom of Boat as shown above. Note: Plywood piece and boat not included with this item. Boat Dolly is designed for manual transportation of small boats. Do not attempt to tow boat behind any type of vehicle. Be sure clamping bar is tightened securely to boat transom. Use a spray lubricant on the threads and axles of your Boat Dolly to maintain optimal performance. Clean and thoroughly dry Boat Dolly before storing.
